EAT PU\$\$Y NOT MEAT
STREAM JULY 18

Pandora Nox drops “**Chez Moi: Eat pu\$\$y not meat**”: a fierce, camp manifesto for cruelty-free living and vegan revenge.

Pandora Nox, the crowned winner of Drag Race Germany, is back - not just to slay the stage, but to **EAT** the dance floor. Her new single “**Chez Moi: Eat pu\$\$y not meat**” is a high-energy, queen-powered, furious-dance-pop track that mixes camp and rage with political bite. This time, the revolution is served on a plate: a new lesbian anthem and an invitation into Pandora’s world - vegan, queer, and empowered.

“**Chez Moi**” is more than a song - it’s a feast. An unapologetic invitation to a new, flavored experience, where pleasure is served without cruelty. **No meat no mess.**

The music video, directed with polished surrealism, serves fashion-forward drag

chaos and turns the kitchen into a queer battleground, where activism meets absurdity. With lines such as “be my guest and taste the best, a feast of senses, forget the rest”, “**Chez Moi**” is food politics - a maximalist riot.

Pandora explains: “This song is my vegan statement. A camp manifesto for cruelty-free living and unfiltered queer power - everything that sets my world on fire and on beat. Enjoy spicy lyrics, dance hard, and don’t forget: the revolution might just start **chez moi**”.
